LOLA BROMAC CONTINUES UNBEATEN RUN

Falcon Seelster filly **Lola Bromac** made it three from three in Australia when she won at Maryborough last Friday.

The warm favourite was in the final race of the programme, a day dedicated mainly to repechages for pacing hopefuls in the three year old section of the **Australasian Breeders Crown Series**.

Stepping with speed from gate four, **Lola Bromac** was in the leading position before the field had settled and a relaxed attitude from those behind, virtually handed her the race on a plate.

Such was the attitude of her opponents she was able to jog the 1690m distance in 2:11:7, a mile rate of 2:05.4. The last quarter was covered in 28.1 but it was not until they were into the home straight that she actually started to sprint – when **Whata Impact**, who had sat outside her throughout, came at her. The two fillies quickly came clear of the field but **Lola Bromac** never looked like being headed and won by a comfortable length and a half.

The win took **Lola Bromac**'s earnings to over \$17,500 in Australia and just shy of \$24,000 lifetime. Her previous two Australian runs had seen her winning her heat and Final of the Eastern Zone 3YO Grand Slam Final. In New Zealand she was consistent but luckless, placing in the first 3 in six of her eight starts.

The filly is a half sister to **1:54** pacer **Jaccka Lord** who won 22 races and over \$117,000 in Australia and North America and **Lewis Bromac**, a 1:58.6 Australian winner last season.

She is also a half sister to **Lulu Jaccka** who is the dam of the in form Australian pacer **Albert Jaccka**. The **Albert Albert** gelding was also a winner on Friday night, winning a mile at Moonee Valley in 1:59.3. In 15 starts since early March this year, **Albert Jaccka** has not missed a first 3 position and has also placed in three black type finals.

Lola Bromac's pedigree is full of heavy black type horses. Her grandam **Lady Sherwood** is out of the former **NZ Broodmare of the Year Zenover** and thus a half sister to **NZ 2YO Pacer of the Year Motoring Magic** and another **NZ Broodmare of the Year** in **Interchange**, dam of champion **Elsu** (p, 1:53.6 \$2,083,352 **NZ Harness Horse of the Year**) among others.
