SABRINA'S KIDS RUNNING RED HOT ON THE TRACKS

Slick Bromac showed his class with a tidy win in the Lithgow Cup at Bathurst this past Thursday.

The **Falcon Seelster** six year old was recording his 23rd win lifetime as he came with a 28.2 last quarter – the half in 57 flat.

For much of the race he was trapped three deep on the rails, but when the opportunity to get off the hazardous spot arrived as they went down the back straight, he took it fast and soon moved to a three wide sit in the open.

From there it was just a matter of at what point he was going to get to the lead.

Slick Bromac has a full brother in **Shakti Bromac** entered up at the upcoming Australasian Classic Yearling Sales and for anyone who is looking for yearling from a mare with a great hit record, it is hard to go past this fellow.

His dam **Sabrina Bromac** has five foals of racing age (including a current 2YO) to date and her first four foals have all qualified – the first three all 2:00 performers and the three year old - **Ardle McArdle** - debuted tonight with a fast finishing and close up third at Kumeu after being caught last on the rails until late in the race.

Also in great form this week is their four year old half sister **Seshny Bromac** who cruised throughout to destroy her rivals at Menangle in her fourth consecutive Australian victory from just five starts.

Shakti's other full brother **Smudge Bromac** hasn't raced since mid December but the 13 win horse is balancing on the knife edge of \$100,000 in winnings lifetime.
