CULLEN BROMAC INTO 2YO BREEDERS CROWN FINAL

Juvenile colt **Cullen Bromac** became the latest of the Bromac breed to qualify for a Breeders Crown final when he came home best along the rails at Tabcorp Park on Thursday (Aug 5th).

Driven back in the field he was asked to run from about the 700m to the point that he was 4 wide in a break away group as they neared the bend, but was then pulled back to angle down towards the rails. Some might have thought it a strange move as he started to run with his head on the side but he finished best in a good finish to regain the form that saw him win his first 5 starts on the trot.

The 2240m journey was covered in a time of 2:46.5 with the mile rating 1:59.6 which gave him his fourth 2:00 victory in a short career.

He has now won \$48,556 in 9 Australian starts (1 NZ start) garnering 6 wins, a second, a third and a fourth.

More on Cullen Bromac can be seen by viewing either his dam Classic Blue Jeans or half sister Crown Defender in our broodmare section.
