## BEETEE BROMAC IN WIN THREE FOR THE SEASON

In his previous start **Beetee Bromac** was restrained to the rear for much of the race before finishing strongly for a convincing win.

At Penrith last Thursday he showed gate speed from the 2 post to take the lead and was never headed after, eventually cruising to a four and a half metre victory. The well supported second favourite recorded a time of 2:38.3 for the 2095m, a mile rate of 2:01.6.

**Beetee Bromac** was notching his third start of the year from just six starts and ninth win lifetime. The victory took his earnings well past the \$52,000.

He is the first foal of his dam **Effie Bromac (Lake Hills Jeb)** who has left just 2 foals to date. Her second is **Blackbolt**, a two year old **Bettors Delight** juvenile.

**Beetee Bromac** was not the only family member in fine form last week.

The previous night at Redcliffe close relation **Emerald Bromac** recorded her seventh win from just 19 starts to date.

Drawn 10 over the 2040 metres, the **Badlands Hanover** mare was settled to the rear position where she stayed until the bell, some 25 metres from the leader.

Soon after the bell sounded, the opportunity of a good drag towards the leaders occurred and she jumped at it. 600m out she was lucky to avoid a skirmish and turned for home in a three wide and challenging mode.

In a battle of wills she ran the leader **Decisive Torque** down just before the line to take her seasons record to five wins from just nine starts.

**Emerald Bromac**'s dam **Easy Bromac** is a **Caprock** half sister to **Effie Bromac**.

Two nights later **Effie Bromac**'s half brother **Abadattitudeagle (Badlands Hanover)** continued a hot patch of form when notching a 1:59.8 win at Newcastle.

Resuming from a two month break in mid February he won easily on the Newcastle track before running a strong second there in the NHRC Life Members Cup and then fronting up for last nights win.

It was his eighth career win from just twenty three starts to date and his second in sub 2:00.
