USHAKA BROMAC STRONG IN AUSTRALIAN DEBUT

Talented **Ushaka Bromac** scored with authority at Harold Park in her Australian debut this past Tuesday (Mar 16).

Possessed with a lot of speed, **Ushaka Bromac** won and placed in numerous races in NZ before being exported to Australia. She was sent out hot favourite on debut, she was the leader for the majority of the race and never looked like being headed with the end result being almost five lengths to runner up **You So And So** who shaded **Carso Zeus**.

Ushaka Bromac took 2:57.6 for the 2300m but didn't push herself during the race. Going down the back the last time she increased the tempo markedly, covering the last half in 59.6 with even last quarters of 29.3.

She is the first of 4 foals to date from the unraced **Live Or Die** mare **Ursula Bromac**. Her second foal is the smart 3YO **Badlands Bromac** who won 4 races from just 7 starts earlier this season, before being exported to Australia. He has yet to race there.
