## CROWN BROMAC IN 1:56.1

Hotly favoured **Crown Bromac** sat outside the leader throughout, but still proved too strong in the run home at the Gold Coast meeting on Friday night.

Leader for most of the journey was Jaccka Limon who was coming off a six race winning streak (although disqualified from the third one) and the two drew clear as the home bend approached, but **Crown Bromac** drew level as they straightened and did what he had to do to cross the line first.

The time for the mile event was a speedy 1:56.1 and after a nice 28.3 opening quarter, the pace was backed off to consecutive quarters of 31.2 and 29.4 before the two leaders covered the final quarter in 27.3.

**Crown Bromac** has now won 12 races to date and earnings of almost \$120,000. He has a fastest mile rate of 1:55.9 recorded at Albion Park in August of this year.
